Junior Warden Activities and Needs

Exciting news! The kitchen ranges have the fire safety code required fire suppression systems and new range hoods installed over them. They have cleared the fire inspection and can be used.

*Help is still needed for holy weeders to help out with pulling those pesky weeds from the plant beds. A new layer of mulch also will help keep the weed growth down. Can you help out with a section? There are still pots of Easter lily plants—and even poinsettias – near the cross garden that need a new home. My lilies from past years re-sprout and bloom every spring.

*If you have handy-person skills such as carpentry, basic plumbing or electrical, painting, irrigation or similar please let me know if you are able to volunteer with projects at the church. Just like your own house, our Holy Spirit church home is in constant need of maintenance.

You can reach me at 407-923-3010 or email me at chsjuniorwarden@gmail.com.
